The contestant with the highest total score in each event will be the event winner. If two or more contestants have the same total score; the contestant who has the most number of 1<sup>st</sup>, 2<sup>nd</sup>, 3<sup>rd</sup> places and so on, determines the winner. If there is still a tie, we will add the fastest times together all the way down through the six weeks to decide the winner of 1<sup>st</sup>, 2<sup>nd</sup> and so on.
